

9 May 1968

Mr. George Carroll  
Assistant to the Vice President  
Office of the Vice President  
Washington, D.C.

Dear George,

Per our 8 May telephone conversation, the oldest of my four sons -- George Alexander Carver, III -- was born on 26 May 1958 (in Saigon) and hence, if my information is correct, shares a common birthday with the Vice President. (Curiously enough, my second son -- David Marshall Carver -- was born (also in Saigon) on 27 August 1959 and hence shares a common birthday with the President.)

If my information is indeed correct, I would be most grateful if you could generate George III's being sent some form of birthday note or card from the Vice President's office. George, who thinks most highly of the Vice President, would be delighted and overwhelmed. This is of course a very low key personal request; please just ignore or forget it if it would cause any bother or trouble.

Sincerely yours,

George A. Carver, Jr.
